att - viol its

The Fifth New Hampshire Battery arrived in this city on Friday morning on their way to Washington. The corps numbers one hundred and fifty-one men, with one hundred and thirty-five horses, and has charge of four rifled six-pounders and two twelve-pound howitzers. six-pounders and two twelve-pound how has, a battery wagon, a forge wagon, and four bag gage wagons. The officers are:
Captain A. Garish; Lieutenants Fred. M. Edgells, E. H. Hobb, J. Wardleigh, and H. F. Crondick.

The men breakfasted at the Park Barracks. and resumed their journey without further de

and resumed their journey without threater de-lay.

The Tenth Regiment of Connecticut volun-teers came to towe on Friday in the atternance Granite State and Mary Benton, from Hartford. They number 1,035 bardy men, well uniformed, and armed with Enfield rifles. In the after-noon, a besutiful flag was presented to them by Mr. S. B. Chittenden, on behalf of the "Sons," after which ceremony the regiment procheded to Washington. The field and staff officers are as follows: as follows

on follows:
Colonel, Charles L. Russell; Lieutenant Colonel, Albert F. Drake; Major, Pettibone; Asjutant, William Colt; Sürgeon, A. T. Douglas; Assistant Surgeon, M. F. Newton; Chaplain, Rev. Henry L. Hall; Quartermaster, Royal E. Forder.

Fowler.

Orders were yesterday issued for the organization of the First regiment of the Irish Brigade as the Sixty-ninth regiment of New York volunteers. The following are the field and staff

officers:
Colonel, Robert Nugent; Lieutenant Colonel,
James Kelley; Major, James Cavanaugh; Adjutant, James J. Smith; Quartermaster, D. F. Sulfilvan; Surgeon, J. Pascall Smith.
General Burnside has ordered the Eighth Connecticut regiment to leave their encampment at Jamaica, Long Island, for Washington, to day.

For the National Republican.

For the National Republican.

The Government are in possession of many thousand unbroken mules, and a very large number of wagons that have never been used, now stored at Perryville. These mules might be broken to harness, and made much more useful when the time of need comes, it they were employed by easy stages in a line of wagons to traverse the road day and night, between this city and Baltupore, and thereby relieve the railroad of the immense surplus of freight which has accumulated at the Baltupore end of the road, and would also enable the railroad to transport coal, which is seen more end of the road, and would also enable the railroad to transport coal, which a so greatly needed at this moment in this city, and obviate the great suffering that will be felt, unless there is a great reduction in the price of fuel before winter sets in.

I merely make the suggestion for the con-ideration of the authorities, who will be more capable of judging of the possibility of the plan than I am.

ARMY CLOTHS.

QUARTERNASTER GEREAL'S OFFICE,
Washington, October 31, 1861.
Proposals are invited and will be received by the
U.S. Quartermester at Philadelphis, Pens. until
10 clock at noon on the 18th day of Nov inber
next, for farnishing CLOTHS FOR, ARMY
CLOTHI-G. Each proposal must be accommodated.

CLOTHI-G

Each proposal must be accompanied by symples of the cloth which it is proposed to furnish. The cloth should be three quarters to six quarters yard wide. Light or dark blue will be preferred, and light greys will not be considered. MISCELLANEOUS.

PROSPECTUS OF THE WEEKLY

The undersigned commenced, in the month of December last, the publication, in this city, of a weekly newspaper, called the National Espub-lican.

lican.

It is printed on a large sheet, twenty-seven by forty-two inches, and is furnished at the low prices stated below.

It will contain all the original matter of the daily National Republican, with the exception of local news not interesting to country subscribers.

of local news not interesting to the proceedings of Scribers.

It will give full reports of the proceedings of Congress, and of the other departments of the National Government.

It will contain all the news of the day, foreign and domestic, markets, &c., &c., as well as an original correspondence from all paris of the country. The miscellaneous department will receive special attention, and, in all respects, the effort will be made to establish the character of the National Republican as a Family Newspaper.

Washington being now the central point of the current military operations, great attention will be paid to furnishing the readers of the National Republican with full, and especially with accurate, accounts of the progress of the war for the Union.

war for the Union.

In politics, the paper will be Republican, sustaining the Administration of Mr. Lincoln, but disclaiming, however, any pretension to be the organ of the President.

The is no other Republican paper in the District of Columbia, or in the vicinity of it, and it is believed that recentevents have opened to such a paper an important sphere of useful effort. The time has come, when the actual administration of the Government upon Republican principles will explode the misrepresentations which have made those principles so distasteful to the South. stasteful to the South.

distasteful to the South.

But it is not only here, and in this vicinity, that the projectors of the National Republican hope to make it useful. To the whole country they offer a journal which will discuss national politics from a national standpoint, and which will never be swerved from patrictic duty by any overpowering pressure of local interest.

and evenings

IMPORTANT TO INVENTORS....ROBERT
W. FENWICK, (Inte Managor of the Washington Branch Office of the Scientific American Patent Agency of Messes, Munn & Co., and for more than ten years officially connected with said firm, and with an experience of fourteen years in every branch relating to the Patent Office, and the interest of Inventors.)

COUNSELLOR AND PATENT A. ENT, Office in Washington, D. C., northeast corner of Seventh and F streets, second story, directly opposite the Patent Office.

From Hon. Charles Mason, tate Commissioner of Patenta.

Washington, D. C., Oct. 4, 1860.

Learning that k. W. Fenwick, Eq., is about to open an office in this city, as a Solicitor of Patents, I obserfully state that I have long known him as a gentleman of large experience in such matters, of prompt and accurate business habits, and of undoubted integrity. Assuch, I commend him to the inventors of the United States.

FOR THE CURE OF DYSPEPSIA, INDIGESTION Weakness or Debility, Fiatulency and Nausee, Loss of Appetite, Nervousness, Liver Com-plaints, Bilious Fevers, and all Diseases of the Stomach, Liver, and Bowels.

THE OBJECT of all medicine is either to prevent disease, or to assist Nature in restoring the various organs of the body to a healthful action, and that medicine is certainly the best which will perform those offices thoroughly, yet mildly, and without endangering the vital forces of the system, by whose normal condi-tion alone health and strength can be preserved. Most of the Bitters that have heretofore been brought into popular favor, have only served the purpose of temporarily stimulating or ex-citing the organs into a condition resembling healthful action, without any remedial effect, and generally followed by a return of the disease, or a prostration of a nervous energy more disastrous than though Nature had been left to

take its own course. • Dr. Greeley's Bitters are a preparation of the nutritive properties of the grain of the fields in combination with the active principle of many simple alteratives and bitter topics, and it is a pleasure to the proprietors to state that its usefulness is being generally acknowledged by the largely-increasing consumption in those sections where it is best known, and by the testi-meny of many eminent physicians, who nave not only made trial of it, but continuality pre-scribe the Bitters in these cases for which it is

Consumptive patients, and others, whose constitutions have become impared by time, or enfeebled by disease, and in whom the process of digestion does not replace the fat and tissues of the fody as fast as they waste, will find these Bitters at once nourishing and strengthening, and happily adapted for their use. The great advantage the Etters possess over ordinary atimulants usually prescribed in treating lung complaints and kindred diseases, is the fact that they combine many safe and certain healing properties in connection with the best known

Will derive great benefit from it. No unpleasant effect will ever result from taking the Bitters, if the directions are followed. For these who suffer from nervous debility, languer, want f rest, exhaustien, and in all cases of weakness, the Bitters are not equalled.

intellect, and infuses new life and vigor. No one who uses these Bitters can be subject to an ttack of FEVER and AGUE, or DIARRHOEA. Of all the ills that afflict men and women, few are so agonizing as Dyspepsia. It is a sort of combination of many diseases. Thanks to

Ague, even of the most desperate kind, are in the possession of the proprietors. Not a few people, everywhere, complain of Weakness or Debility. This is the gentle hint of nature for a little help in the way of invig-oration. The hint should not be neglected. "A stitch in time saves nine." Got a supply of GREELEY'S BOURSON BITTERS, take them regulary, and our word for it you will feel better, live longer, be stronger, and think and act with very much more satisfaction. The Bitters are a tonic, and of a nature never before attained in any medicine. It will make the weak strong,

In America, the Liver is the bestabused of all the organs in the body. It is made the saddle of all-other organs. As a consequence, it is often out of order, and not unfrequently nearly noperative. This need not be; on the co trary, it is quite unnecessary. A little common sense, and a sufficiency of Greekey's Bourson Bitters, will keep the Liver right, and make man a man, and woman, now interable, quite happy. The Sitters regulate and strengthen

the Liver, no less than purify it.

The increase of Nervous Diserders, at the present day, is one of the most alarming indi-cations of the age, or rather, would be, were it not that a most admirable cure had been found. There is not a phase of nervous dis-case, whatever it may be, that these Bitters will not not upon favorably, and in the most efficient manner. All who are unfortunately afflicted with complaints of this nature, or with indigestion, or any discuses of the Stemach, should not fail to make use of Gaga.sr's Beun-

and aff articles "Contriband of War," will be an expense.
